Gen. Garibaldi occupied llergame on the 3th, and having learned that 1,000 Austrians were enough from Fesca, he sent a detachment to meet them, and though the force sent, was inconsiderable in number, they, nevertheless, defeated the enemy.

The Austrian Official Bullutin says, Gen.
D'Urban and Canonia and other corps durme at Mageuta were engaged in sanguinary fights. The enemy, in greatly superior force, appears to be advancing from Mina, and the Austrian army therefore passed the Adda in good order and are mearing the reinforcements in reserve. The courage of our troops is unbroken; and they are longing for a decisive battle.
